

# Oregon EMS Supervising Physicians/Medical Directors Forum Fall 2007

## AGENDA

Friday Sept, 21, 2007 River Lodge, Bend

**0745-0800 Introduction & Welcome**

**0800-1000 General Session - *Hit by the Stupid Truck***

Jeff Johnson, Fire Chief - Tualatin Valley Fire and Rescue

If you've ever watched in agony as a colleague self-destructs publicly from their own behavior, you must wonder ...*what were they thinking?* Were they hit by the *stupid* truck? Chief Johnson will delve into the causes that underlie self-destructive conduct that seems to belie reason and rational thinking – but in the end, hurts all of us even remotely affiliated with our respective professions.

While painfully humorous, you will learn to spot at-risk patterns of conduct and gain insight into the difference between a lone event and symptomatic behaviors.
